

## INFORMATION ABOUT THE SERVICE

### Description of the service

The National Broadband Network is a high performance network, allowing for super-fast connectivity speeds between customers and Internet Service Providers. Your NBN connection will have a static IP address, up to five email addresses and free Cisco IronPort Spam Filtering.

### Requirements & Availability

The NBN Fixed Wireless service is only available within an NBN Fixed Wireless service area. Unless your premises is already connected, you will need to be connected to the NBN Fixed Wireless Network. Any cabling that is required in your premises beyond the network boundary point is your cost and responsibility. Standard installations are free of charge to you. Non-standard installations may require you to pay charges. You will require a wireless router for this service. The monthly fee does not include the cost for a router however

you may purchase one from us at an additional cost. NBN availability depends on the NBN Co's rollout plan. To check if you can get connected in your area, use the online coverage checker at [http://node1.com.au/nbn\\_rollout\\_map.php](http://node1.com.au/nbn_rollout_map.php).

Internet speeds may be affected by internet connectivity to your premises, wireless interference within and/or around your premises (if you're connecting wirelessly via a wireless router), limitations of network devices, mobile devices, consoles, computers, cables and other devices that you use, the available bandwidth of the service you're using (e.g. peer-to-peer games, websites & download sources), other users on your Internet connection.

### Minimum Term

There is no minimum term for NBN Fixed Wireless plans.

## INFORMATION ABOUT PRICING

### Monthly Charges

There are six NBN Fixed Wireless plans – consisting of two speeds and three quota options for each speed. Each plan has a standard monthly price and data allowance. The maximum monthly charge depends on whether you have chosen to use additional data via our data packs. The total minimum price is based on a \$55.00 connection fee plus one month of plan charges.

There are no automatic excess usage charges on NBN Fixed Wireless services – instead, traffic beyond the included data allowance will be shaped to 1mbps/1mbps. Quota is counted as the total of downloads. Uploads are unmetered. Usage is reset to the data allowance on the first day of each month. You may purchase data packs at an additional cost for a data allowance top up, if required. Information on data pack pricing is available at [http://node1.com.au/business\\_nbn.php#FixedWireless](http://node1.com.au/business_nbn.php#FixedWireless).

### Data Allowance Information

Data allowances are based on On-Peak + Off-Peak times. On-Peak: 8:00am to 12:00am and Off-Peak: 12:00am to 8:00am.

### Cancellation Fees

There are no cancellation fees on this service.

Speed	Monthly Data Allowance	Minimum Monthly Charge	Total Minimum Price (no contract)	Unit Cost (1GB of data included in plan)
12mbps/1mbps	20GB + 30GB	\$49.95	\$104.95	\$2.49
	50GB + 60GB	\$69.95	\$124.95	\$1.40
	250GB + 300GB	\$79.95	\$134.95	\$0.32
25mbps/5mbps	20GB + 30GB	\$54.95	\$109.95	\$2.75
	50GB + 60GB	\$74.95	\$129.95	\$1.50
	250GB + 300GB	\$84.95	\$139.95	\$0.34

## NBN Fees

In this section Labour Rate means \$99 for each of the total number of man-hours of labour required to perform the relevant activity (rounded up to the next full hour); and Materials means the cost of materials necessary to perform the relevant activity. The following fees may apply for NBN services:

Activity	Charge per Activity NBN Co Network		
	Fibre to the Premises (FTTP) and Wireless	Fibre to the Basement (FTTB) and Fibre to the Node (FTTN)	HFC
Initial Standard Installation	\$0.00	\$0.00	\$0.00
Initial Non-Standard Installation	Labour rate + Materials over and above Initial Standard Installation	Labour rate + Materials over and above Initial Standard Installation	Labour rate + Materials over and above Initial Standard Installation
Professional Splitter Installation at time of a Standard Installation	N/A	\$250 including first hour + Labour rate thereafter	N/A
Professional HFC-NTD Installation	N/A	N/A	Labour Rate (min 2 hours)
Subsequent Installation	\$270 + Labour rate + Materials over and above Initial Standard Installation	\$270 + Labour rate + Materials over and above Initial Standard Installation	\$270 + Labour rate + Materials over and above Initial Standard Installation
Subsequent Installation of Power Supply with Battery Backup	\$0.00	N/A	N/A
Professional Splitter Installation not at time of a Standard Installation	N/A	Labour rate (min 3 hours) + Materials (min \$10)	N/A
Equipment Modification (attendance at premises required)	Labour rate + materials	Labour rate (min 3 hours)	Labour rate + Materials (min 3 hours)
Equipment Removal	Labour rate + materials	Labour rate (min 3 hours)	Labour rate + Materials (min 3 hours)
