About the service

The nbn™ network is a high-performance network, allowing for super-fast connectivity speeds between customers and Internet Service Providers. This service is only available within an nbn™ Fixed Wireless service area. Unless your premises is already connected, you will need an Antenna to be installed on your roof in order to be connected to the nbn™ network.

Inclusions

All of our plans come with:

- Unlimited Data Allowance (Subject to our [Fair Use Policy](#))
- Static IP Address
- Local Western Australian Based Support

Other Charges

If there has never been an active nbn™ service or there is no NTD installed at your premises, you will incur a \$300 new development fee.

Plan Options

Discounts & promotions

This summary does not reflect any discounts or promotions which may apply from time to time. It also does not reflect any added services that you select whilst you have this plan.

Fair Use Policy

You must comply with our [Fair Use Policy](#) and not use your services in an unreasonable or fraudulent manner, or in a way that detrimentally interferes with the integrity of the network. We may take action if you breach the [Fair Use Policy](#), including suspending or cancelling your service.

Speeds

Actual speeds will vary and are affected by network infrastructure, internet connectivity, wireless interference, limitations of connected devices, cabling, bandwidth of other services (e.g. p2p games, website, download sources), and other users on the network. Speeds may be slower when devices are connected by Wi-Fi.
