Appointment of an Authorised Representative (optional)

When you appoint an Authorised Representative, you are giving the person you appoint the authority to deal with us on your behalf as your agent. This means that the Authorised Representative has the power to act and access information as if they were you. This includes making complaints, changing account details or cancelling a service. If you wish, you can specify limitations of your Authorised Representative's rights.

Antenna & installation information

Node1 Internet will provide you with an Antenna in order to access the service. The Antenna remains the property of Node1 Internet at all times.

Our installation fees fall under the following two categories: Standard Installation and Non-Standard Installation. The Standard Installation fee is \$200. A Non-Standard Installation is one that requires a pole, or additional cabling due to a double storey premise. The Non-Standard installation fee is \$300. Your installation fee is comprised of the applicable fee as above plus \$110/hr after the first two hours. We will contact you prior to installation to clarify the charges you will incur.

We recommend the use of a surge protector with this equipment. Any damage caused by power surges is not covered under the product warranty. The plans below are not available for commercial use.
